

# Night works

February 11-15, 2018

Armagh-Colombo Street intersection  
and the Armagh St adjacent to the  
Armagh St bridge

---

<b>What</b>	Night works for the pedestrian lights/ crossing for cabling and ducts
<b>When</b>	From Sunday 11 January 2018 from 7pm to 6am for one week
<b>Why</b>	We are working at night to minimise the impact on businesses and the travelling public

---

## WHAT WE ARE DOING

Our work involves:

- Installing new ducting to upgrade the traffic signals and drainage

## HOW THIS WILL IMPACT YOU

- Traffic will not be able to access along Armagh St from the Colombo St intersection through to Durham St between 7pm until 6am the following morning.
- Our area of work will change and move as work progresses.
- If you travel this area regularly at night, please be aware that there will be constant changes to the traffic layout.
- There will be some construction noise associated with our work.

## ROADWORK REMINDERS

- Colombo Street will continue to be one-way northbound until mid-April
- Armagh Street will remain one-way eastbound until Victoria Square is re-opened in March.
